**2. BENEFITS OF FUTURE SANJEEVANI:**

**2.1 Choice of Investment Fund:** Your premium is invested in unit funds of your choice. Currently you have a choice of 4 investment funds, providing you flexibility to direct your investments in any of the following unit linked funds of the Company. The funds invest in a mix of cash/other liquid investments, fixed interest securities and equity investments in line with their risk profile.

**Future Secure**

**Strategy:** Low risk investment such as money market investments

**Objective:** To provide stable returns by investing in relatively low risk assets. The fund will invest exclusively in treasury bills, bank deposits, certificate of deposits, other money market instrument and short duration govt. securities.

Composition	Min.	Max.	Risk Profile
Money Market, Cash and Short Term Debt	0%	100%	Low
Equity Instruments	0%	0%	

**Future Income**

**Strategy:** Investments in assets of low or moderate risk

**Objective:** To provide stable returns by investing in assets of relatively low to moderate level of risk. The interest credited will be a major component of the fund's return. The fund will invest primarily in fixed interest securities, such as Govt. securities of medium to long duration and Corporate Bonds etc and money market instruments for liquidity.

Composition	Min.	Max.	Risk Profile
Fixed Interest Investments, cash and Money Market Instruments	0%	100%	Low
Equity Instruments	0%	0%	

**Future Balance**

**Strategy:** Balances high returns and high risk from equity investments by the stability provided by fixed interest instruments

**Objective:** To provide a balanced return from investing in both fixed interest securities as well as in equities so as to balance stability of return through the former and growth in capital value through the latter. The fund will also invest in money market instruments to provide liquidity.

Composition	Min.	Max.	Risk Profile
Fixed Interest including cash and Money Market Instruments	10%	70%	Medium
Equity Instruments	30%	90%	

**IN THIS POLICY, THE INVESTMENT RISK IN INVESTMENT PORTFOLIO IS BORNE BY THE POLICYHOLDER**

**Future Maximize**

**Strategy:** Investment in a spread of equities. Diversification by sector, industry and risk.

**Objective:** To provide potentially high returns to unit holders by investing primarily in equities to target growth in capital value of assets. The fund will also invest to a certain extent in govt. securities, corporate bonds and money market instruments.

Composition	Min.	Max.	Risk Profile
Fixed Income including cash and Money Market Instruments	10%	50%	High
Equity Instruments	50%	90%	

**Note:** A policyholder's exposure to Future Secure Fund (Liquid Fund) will be limited to a maximum of 30% of his total portfolio so as to ensure that the total value of fund in money market investments does not exceed 40% of the fund.

**2.2 Maturity Benefit:** On maturity i.e. policy anniversary coinciding with or following the completion of 99 years of years, the Fund Value as on the date of maturity becomes payable and the policy is terminated thereafter.

**2.3 Death Benefit\*\*:** On the unfortunate death of the life assured, the nominee receives the higher of the following –

- The Fund Value as on the date of death of the life assured
- Sum Assured plus all applicable top up Sum Assured net of all Deductible Partial Withdrawals, (if any)

\*\*For purpose of determining the Death Benefit, the Deductible Partial Withdrawal (s) mean the higher of sum of all partial withdrawals paid from the relevant Account(s) (i) during the 24 months immediately preceding insured's date of death, or (ii) in case the life assured has completed 60 years of age, all partial withdrawals made during the 24 months before completion of age 60 years along with all partial withdrawals after completion of 60 years of age.

For minor life assured, death during the deferment period the Fund Value will be paid.

**2.4 Extra Fund Injection (EFI):** Guaranteed Loyalty Bonus through Extra Fund Injection, wherein 20% of Fund Management Charges on the total fund value (funds from due basic premiums + top-up single premiums) is refunded back to you after 10<sup>th</sup> policy year and thereafter 10% after every 10<sup>th</sup> policy anniversary (on the last 10 year's FMC), by way of units which are automatically allocated to your unit fund account as additional loyalty units.

**Note:** EFI will be refunded only on survival of the life assured till 10<sup>th</sup> policy year and thereafter on survival to the end of every 10<sup>th</sup> year, while the policy is in force.

Cover is not available during the deferment period, on death of the life assured during this period, the fund value will be paid.

**6. OTHER FEATURES:**

**6.1 Free Look in period:** If the policy owner is not satisfied with the policy, he can apply in writing to Future Generali for cancellation of the policy within the free look period of 15 days from the date of receipt of the policy document, stating the reason for objection. Future Generali will refund the premium paid subject to the

**IN THIS POLICY, THE INVESTMENT RISK IN INVESTMENT PORTFOLIO IS BORNE BY THE POLICYHOLDER**

deduction of the proportionate risk premium for the period of cover and expenses incurred by us towards medical examination, if any and stamp duties. In case the value of the units have fallen significantly over this period, we retain the right to recover from the amount to be refunded an amount to the extent of such fall in value.

**6.2 Grace Period:** 30 days for all premium payment modes except for monthly mode where it is 15 days. If, the premiums are not paid during the grace period, the policy lapses. The policy benefit thereafter would have no further value except for surrender value less of surrender charges.

**6.3 Premium Holiday:** Discontinuance of Premium  
Options available – For Regular Premiums

**Discontinuance of due premiums before completion of 3 policy years:**

If all the due premiums have not been paid for at least 3 consecutive years from inception, the insurance cover shall cease immediately.

A policy may be revived within the revival period of 3 years from the date of first unpaid premium.

In case a policy is not revived during this period, the policy shall be terminated and the surrender value, if any, shall be paid at the end of the period allowed for revival.

**Discontinuance of due premiums after payment of at least 3 years' premiums:**

If all the due premiums have been paid for at least three consecutive years and subsequent premiums are unpaid, a policy may be revived within the revival period of 3 years from the date of first unpaid premium.

During this limited period for revival, the insurance cover under the base plan shall be continued by levying appropriate charges. However, the insurance cover under any rider, if opted for, shall cease immediately.

At the end of the allowed period for revival, if the policy is not revived, the policy shall be terminated by paying the surrender value. However, the life insurance cover under the base plan may continue, if so opted to by the policyholder, by levying appropriate charges until the surrender value does not fall below an amount equivalent to one full year's premium.

When the fund value reaches an amount equivalent to one full year's premium, the policy shall be terminated by paying the surrender value.

**For Single Premiums -** The policy can be surrendered any time after completion of 3 policy years from date of inception.

**6.4 Reinstatement :** If premiums are not paid within the period of grace and the policy is not surrendered, the policy may be reinstated for full benefits within three years from the date of the first unpaid premium and before the date of maturity while the life assured is still alive. The reinstatement will be considered on receipt of written application from the policyholder along with the proof of continued insurability of life assured and on payment of all overdue premiums. The reinstatement will be effected on company's discretion and subject to such conditions as the company in its discretion may decide. Any reinstatement of riders will be considered along with the reinstatement of the basic policy, and not in isolation.

**6.5 Backdating:** Backdating is not allowed

**6.6 Nomination & Assignment:**

**IN THIS POLICY, THE INVESTMENT RISK IN INVESTMENT PORTFOLIO IS BORNE BY THE POLICYHOLDER**

Provided the policyholder is the life assured, he / she may, at any time before the policy matures for payment, nominate a person or persons as per Sec 39 of the Insurance Act 1938, to receive the policy benefits in the event of his / her death.

The Policyholder can also assign the Policy to a party by filing a written notice to us. The assignment should either be endorsed upon the Policy itself or documented by a separate instrument signed in either case by the Assignor stating specifically the fact of assignment. Only the entire policy can be assigned and not individual benefits or any part thereof.

**6.7 NAV calculation for Regular and Single Premium:**

**Unit Price:** A unit in each fund has its own price called the Net Asset Value (NAV). The NAV of each fund is calculated on daily basis with the following formula:

**When Appropriation (Purchasing) price is applied:**

$$\text{NAV} = (\text{Market Value of Investment} + \text{Express incurred in the purchase of the assets} + \text{Current Assets} + \text{Accrued Income net of Fund Management Charges} - \text{Current Liabilities} - \text{Provisions}) / \text{Number of Units outstanding (before any new units are allocated)}$$

**When Expropriation (Selling) price is applied:**

$$\text{NAV} = (\text{Market Value of Investment} - \text{Express incurred in the sale of the assets} + \text{Current Assets} + \text{Accrued Income net of Fund Management Charges} - \text{Current Liabilities} - \text{Provisions}) / \text{Number of Units outstanding (before any units are redeemed)}$$

In respect of premiums received up to 3.00 p.m. under a local cheque or a demand draft payable at par or by way of cash, the closing NAV of the day on which the premium is received shall be applicable. In respect of premiums received after 3.00 p.m., the closing NAV of the next business day shall be applicable.

In respect of premiums received under outstation cheques/demand drafts, the closing NAV of the day on which the cheques/demand draft is realized shall be applicable

All requests for switch, redirection, surrender or partial withdrawal received up to 3.00 p.m. will be processed at the closing NAV of the day on which the request is received. All such requests received after 4:15 p.m. will be processed at the closing NAV of the next business day.
