Future Generali Life rolls out Income Multiplier Plan

Future Generali India Life Insurance Company has launched Big Income Multiplier Plan, which is a non-linked, non-participating plan with guaranteed returns which increase over the payout period. In this policy, one can start investing with a minimum premium of ₹18,000 annually or ₹1,500 per month for a fixed period of 12 years. Customers can enjoy an insurance cover till the 14th year after which the payout period commences. The total benefit paid to customers is two times the total premiums paid under the policy.
