1. Background

Insurance Regulatory and Development Authority of India ('IRDAI') vide its notification dated 06 July 2017 having Ref No. F. No. IRDAI/Reg/8/145/2017 issued Insurance Regulatory and Development Authority of India (Protection of Policyholders' Interests) Regulations, 2017 ('the Regulations') which requires the Board of Director of Insurers to formulate a policy encompassing the following:

- a) steps to be taken for enhancing Insurance Awareness so as to educate prospects and policyholders about insurance products, benefits and their rights and responsibilities
- b) service parameters including turnaround times for various services rendered;
- c) procedure for expeditious resolution of complaints
- d) steps to be taken to prevent mis-selling and unfair business practices at point of sale and service;
- e) steps to be taken to ensure that during policy solicitation and sale stages, the prospects are fully informed and made aware of the benefits of the product being sold vis-a-vis the product features attached thereto and the terms and conditions of the product so that the benefits / returns of the product are not mis-stated / mis-represented.

Future Generali India Life Insurance Company ("FGILIC") is a customer centric organization. All the new processes and technological developments are done keeping one objective in mind i.e. fulfilling policyholders' reasonable expectations.

IRDAI had promulgated Protection of Policyholder's Interest Regulation in 2002 which set the rules for insurers in order to safeguard the interest of policyholders and laid down governing rules. These rules were primarily categorized as follows:

- A. Sales and Proposal for Insurance
- B. Grievance Redressal Procedure
- C. Claims Procedure
- D. Service to Policyholders

There have been several changes that have come after 2002 which include introduction of new categories of insurance intermediaries like brokers, web-aggregators and new products like ULIP products etc. The channels of grievance Redressal have also increased with the introduction of IGMS, IRDAI Grievance Call Centre etc. and introduction of technology in the process of sourcing; sale and servicing of products necessitate a commensurate change in the regulatory framework for better policyholder protection.

The consumer protection related provisions contained in other regulations need to be aligned with Regulations meant for policyholder protection. In this background, IRDAI has issued revised Regulations for Protection of Policyholder's interests.

In the aforementioned background FGILIC proposes to adopt this policy titled as '**FGILIC Policy on Protection of Policyholder's Interest**'.

The said policy will come into force with effect from approval from the Board of Directors
