TRANSFER TO GENERAL RESERVE

BONUS TO POLICYHOLDERS

During the year under review, a bonus sustainability exercise was performed by projecting the Asset shares at maturity of the contract. The Asset Share at the valuation date is also compared with the Reserves at an aggregate level to ensure that reserves are close to the Asset Share.

The supportable bonus rate for each product is derived as follows:

- Asset Share at the valuation date (i.e. historical asset share) is considered as the starting point for supportable bonus rate derivation
- Asset share is projected till maturity with future bonuses as nil while allowing for deductions for all guaranteed benefit payouts (including maturity benefit as on valuation date). The guaranteed benefits include the present value of future outflows for products with extended cover. Hence, this residual Asset Share represents the distributable Asset Share through bonuses (reversionary and terminal bonuses).
- 3. The supportable reversionary bonus is defined such that the residual Asset Share (distributable through bonuses) as described above, is exhausted by approximately 90%. This supportable reversionary bonus is found through an iterative process. It is calculated at a product level.
- 4. The supportable reversionary bonuses form the basis for reversionary bonus declarations

The remainder of Asset Share at maturity post maturity benefit deduction (where maturity benefit included all guaranteed benefits and non-guaranteed future reversionary bonuses) is kept towards any fluctuations, smoothing, and terminal bonuses, if any.

Other considerations before declaring bonuses include maintaining policyholder reasonable expectations and policyholder IRRs.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to the Financial Statements, in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are

Mukund M. Chitale & Co. Chartered Accountants 2nd Floor, Kapur House, Paranjape B Scheme Road No. 1, Vile Parle East, Mumbai - 400057

based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

 Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls, based on the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note"), issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Financial Statements, based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Mukund M. Chitale & Co. Chartered Accountants 2nd Floor, Kapur House, Paranjape B Scheme Road No. 1, Vile Parle East, Mumbai - 400057

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Financial Statements included obtaining an understanding of internal financial controls with reference to Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to the Financial Statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial controls with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes, in accordance with generally accepted accounting principles. - pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- provide reasonable assurance that transactions are recorded, as necessary, to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the company; and
- provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls with reference to Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

For term and pure health products, the reserves are also floored to the unearned premium reserve (UPR). For non-linked pension product (Future Generali Pension), liability is floored to the policyholder pension fund account (PPFA) which is calculated using the premiums accumulated with past declared reversionary bonuses.

B. For Non -Linked Non-Participating "Guarantee Advantage" Plan

The accumulated balance in Policy Account, net of charges, accumulated at the rate of crediting interest declared in advance on a quarterly basis as on valuation date at a policy level akin to fund value. Additional reserve equivalent to, expected present value of expenses and benefits (sum assured) less expected present value of fees (Allocation fees, Insurance fees, Policy administration fees and investment fees) discounted at valuation rate of interest, akin to non-unit reserves.
