premium remains unpaid at the end of the grace period, the auto cover benefit will be provided.

8. AUTO COVER

If the policy has been in force for at least 3 years, the death cover will not lapse on non-payment of premiums for a maximum period of 2 years from the due date of first unpaid premium (such period is called the auto cover period). However, the rider benefits, if any will cease. Future bonuses will not be declared during the auto cover period, and will be added again on receiving arrears of premiums and interest thereon. The arrear premium with interest as charged by the company from time to time is to be paid within 2 years from the due date of first unpaid premium but before the end of premium paying term, in case of revival. If premiums have been paid for at least three consecutive years from the policy commencement date and not paid thereafter, the following non-forfeiture provisions would apply.

A. Reduced Paid-Up Value

Any time after completion of 3 years from commencement date you may choose to continue with this Policy, on expiry of the grace period for payment of premium, as a non-participating, paid-up insurance for a reduced *Sum Assured*; the *Sum Assured* being reduced in the proportion as the number of premiums actually paid shall bear to the total number of premiums payable as stipulated for in the Policy Schedule. The amount so obtained will be added with the bonuses already accrued to the Policy as on the due date of the first unpaid premium. The policy shall then cease to participate in future profits arising out of the Company's 'With Profits' life insurance business.

However, the policy will remain in-force during the auto-cover period, if applicable, and the auto-cover benefits will be payable. On expiry of the auto cover period, the reduced paid-up benefits will apply.

If a policy is not subsequently revived, this reduced *Sum Assured* shall be used in calculating the various benefits payable (shown below under section 10(A)(i) & 10(A)(ii) under the basic policy at predetermined date / death under the policy.

i) On Death

If death occurs within the first five years of the policy term : reduced *Sum Assured* plus the bonuses, if any accrued to your policy till the date of policy becoming paid-up is payable

If death occurs after the first 5 policy years, but before the policy expiry date, 200% of the *Sum Assured* plus the bonuses, if any accrued to your policy till the date of policy becoming paid-up is payable.

ii) On Survival up to maturity date of the policy: 200% of Reduced *Sum Assured* plus the bonuses, if any accrued to your policy till the date of policy becoming paid-up is payable as survival benefit.

11. Surrender of Policy

Policy will acquire Surrender value after premiums have been paid for at least three full consecutive years & completion of three years from commencement date. The *Surrender Value* is paid to you if you decide to surrender your Policy. Once the Policy is surrendered, all benefits under the Policy will immediately terminate and the Policy will not be eligible for revival. The amount payable to you on surrender of the Policy would, at all times be equal to the *Surrender Value* under the Policy.

The *Surrender Value* on a Policy will depend on the term of the Policy, the number of years for which premiums have been paid, the sum assured, vested bonuses, the duration elapsed at the time of surrender and it shall be higher of the Special

Surrender Value and the Guaranteed Surrender Value. The *Surrender terms* will be declared by the Company from time to time and will be based on past financial and demographic experience of the Company with regard to your Policy/group of similar Policies, as well as our assessment of such likely future experience.

The minimum *Surrender Value* (or Guaranteed surrender value) allowable under a policy is equal to 30% of all premiums paid excluding the first-year premium, extra premiums, if any. Premium paid for riders will not be considered while determining the *Guaranteed Surrender Value*. Any indebtedness will be deducted from the *Guaranteed Surrender Value*.

Such *Guaranteed Surrender Value* on a policy is allowable after premiums have been paid for at least three full consecutive years from the commencement date of the policy. A discounted value of the bonuses allocated to the Policy will also be added. The applicable interest rate for discounting will be declared by us from time to time.

The *Special Surrender Value* will be based on an assessment of the asset share progression at different durations of the policy. This assessment would be based on the Company's past financial and demographic experience of the Policy / group of similar Policies and likely future experience and will be reviewed from time to time depending on changes in internal and external experience and likely future experience.

The policy shall terminate on surrender as full and final settlement under the policy
