C. Special Surrender Value

The *Special Surrender Value* will be based on an assessment of the asset share progression at different durations of the policy. This assessment would be based on the Company's past financial and demographic experience of the Policy / group of similar Policies and likely future experience and will be reviewed from time to time depending on changes in internal and external experience and likely future experience.

The policy shall terminate on surrender as full and final settlement under the policy

You may avail the surrender benefit in any of the following ways.

1. Commute the surrender proceeds to the extent allowed under Income Tax Act and utilise the balance amount to purchase immediate annuity (from FGILICL), at the then prevailing annuity rate.
2. Utilise the entire proceeds to purchase a single premium deferred pension product (from FGILICL).

9. Reduced Paid-Up Value

Any time after the policy acquires surrender value, you may choose to discontinue with this Policy, on expiry of the grace period for payment of premium, as a non-participating, paid-up insurance for a reduced Maturity *Sum Assured*; the Maturity *Sum Assured* being reduced in the proportion as the number of premiums actually paid shall bear to the total number of premiums payable as stipulated for in the Policy Schedule. The amount so obtained will be added with the bonuses already attached to the Policy as on the due date of the first unpaid premium. The policy shall then cease to participate in future profits arising out of the Company's Participating Pension business.

If a policy is not subsequently revived, this reduced Maturity *Sum Assured* shall be used in calculating the various benefits payable under the basic policy at predetermined date / death under the policy as given below.

A. On Death;

In case of unfortunate demise of the life assured during policy term, provided the policy is paid up and not surrendered, the sum of all premiums, excluding service tax, extra premiums and rider premiums, if any, paid till date of death, plus already accrued bonuses till date of death is payable. This total amount payable on death will be subject to a minimum guarantee of 105% of premiums paid excluding service tax, extra premiums and rider premiums, if any.
