Important things to know...

Surrender

We encourage you to continue your policy as planned, however, you have the option to surrender the same for immediate cash requirement, in case of an emergency, any time after the payment for at least two full policy year's premiums.

- The amount payable on surrender will be higher of the Guaranteed Surrender Value (GSV) and Special Surrender Value (SSV).
- The policy terminates on surrender and no further benefits are payable under the policy.

Paid Up

If due premiums for the first two (2) or more policy years have been paid and any subsequent premium is not paid within the grace period, the policy will be converted into a paid-up policy.

The paid-up sum assured is calculated as follows:

$$\text{Paid-Up Sum Assured} = \text{Sum Assured} * (\text{Number of Premiums Paid} / \text{Total number of premiums payable})$$

Death Sum Assured and Maturity Sum Assured will be reduced in proportion to the number of premiums paid to the number of premiums payable under the policy. The reduced benefit shall be payable in the same manner as for an in-force policy.

If a policy is converted into a paid-up policy, it will not accrue any future Guaranteed Additions under both options. The Guaranteed Additions already accrued, remains attached to the policy. You can revive a Paid-Up Policy within a period of five years from the due date of first unpaid premium. You can surrender your Paid-Up policy anytime during the Policy Term.

What is not covered?

Suicide Exclusion

In case of death due to suicide within 12 months from the date of commencement of risk under the policy or from the date of revival of the policy, as applicable, the nominee or beneficiary of the policyholder shall be entitled to 80% of the total premiums paid till the date of death or the surrender value available as on the date of death whichever is higher, provided the policy is in force.
