Lock-in Period

It is a period of 5 consecutive completed years from the policy commencement date, during which the proceeds of the discontinued policy cannot be paid by the insurer to the insured or policyholder, as the case may be, except in the case of death or upon any other contingency covered under the policy.

Discontinuance and Revival

“Discontinuance” means the state of a policy that could arise on account of surrender of the policy or non-payment of the contractual premium due before the expiry of the grace period as explained below. Provided that no policy shall be treated as discontinued on non-payment of the said premium if, within the grace period, the premium has not been paid due to the death of the insured or upon the happening of any other contingency covered under the policy

I. Discontinuance of the Policy within the Lock-in-Period:

- a) Upon expiry of the grace period, in case of discontinuance of policy due to non-payment of premium during lock-in period, the fund value after deducting the applicable discontinuance charges shall be credited to the discontinued policy fund and the risk cover and rider cover, if any, shall cease.
- b) The policyholder has an option to revive such discontinued policy within three years from the date of first unpaid premium. On such discontinuance, the company shall communicate the status of the policy, within three months of the first unpaid premium, to the policyholder and provide the option to revive the policy within the revival period of three years.
 - i) In case the policyholder opts to revive but does not revive the policy during the revival period, the proceeds of the discontinued policy fund shall be paid to the policyholder at the end of the revival period or lock-in period whichever is later. In respect of revival period ending after lock-in period, the policy will remain in discontinuance fund till the end of revival period. The Fund management charges of discontinued fund will be applicable during this period and no other charges will be applied.

- ii) In case the policyholder does not exercise the option as set out above, the policy shall continue without any risk cover and rider cover, if any, and the policy fund shall remain invested in the discontinuance fund. At the end of the lock-in period, the proceeds of the discontinuance fund shall be paid to the policyholder and the policy shall terminate.
- iii) However, the policyholder has an option to surrender the policy anytime and proceeds of the discontinued policy shall be payable at the end of lock-in period or date of surrender whichever is later.

Explanation: “Proceeds of the discontinued policies” means the fund value as on the date the policy was discontinued, after addition of interest computed at the interest rate stipulated under “Discontinued Policy Fund”.

In case of death of the Life Assured while the policy is in the discontinuance policy fund, lock-in period shall not be applicable and the proceeds under the discontinuance policy Fund shall be payable immediately to the Nominee or Legal heirs as applicable.

II. Discontinuance of the Policy after the expiry of the Lock-in-Period

- a) Upon expiry of the grace period, in case of discontinuance of policy due to non-payment of premium after lock-in period, the policy shall be converted into a reduced paid up policy with the paid-up sum assured i.e. original sum assured multiplied by the total number of premiums paid to the original number of premiums payable as per the terms and conditions of the policy. The policy shall continue to be in reduced paid-up status till the end of the revival period without rider cover, if any. All charges as per terms and conditions of the policy shall be deducted during the revival period. However, the mortality charges shall be deducted based on the reduced paid up sum assured only.
- b) On such discontinuance, the company shall communicate the status of the policy, within three months of the first unpaid premium, to the policyholder and provide the following options:
 - 1) To revive the policy within the revival period of three years, or
 - 2) Complete withdrawal of the policy.

- d) In case the policyholder does not exercise any option as set out above, the policy shall continue to be in reduced paid up status. At the end of the revival period the proceeds of the policy fund shall be paid to the policyholder and the policy shall terminate.
- e) However, the policyholder has an option to surrender the policy anytime and proceeds of the policy fund shall be payable.

Paid up sum assured will be determined as below:

$$\text{Sum Assured} \times \frac{\text{(Number of premiums paid)}}{\text{(Total number of premiums payable)}}$$

If the policy is paid up, then policy administration charge, fund management charge and mortality charge will be deducted. Mortality charge will be deducted with respect to Sum at Risk considering paid-up sum assured. Rider cover, if any, shall immediately cease, if the policy is converted to a reduced paid up status.

If the death occurs during the policy term while the policy is in the paid-up status, death benefit considering the paid-up sum assured will be paid.
